

3 main steps in Admission Process that require personal attendance, and ideally physical presence in Singapore, especially if amendments to documents have to be made or supplementary affidavits filed

Applicants should remain contactable and available to rectify any omission, irregularity or error discovered in their Certificate of Diligence or Checklist. Applicants who travel or who do not attend to SILE's queries on their Certificate of Diligence or Checklist may have their call delayed if the filing of their affidavits are delayed. To avoid such a circumstance, applicants should leave the country only after they have received their Certificates from SILE and filed their affidavits". SILE will endeavour to issue its certificate within 2 working days after all papers are in order or all omissions, irregularities and errors are rectified. We encourage you to send your documents (STEP 2) to SILE for verification in the earliest opportunity to avoid processing delays, especially if you seek admission during Mass Call.
